Dear Mr. Reinke:

The Division has reviewed the above referenced construction permit applications, each dated June 5, 2012. Based upon this review, each of these plants has already been in operation.

Division Rule 1200-03-09-.02(2) states in pertinent part:

No person shall operate an air contaminant source in Tennessee without first obtaining an operating permit.

The Tennessee Air Quality Act allows for enforcement action against individuals who violate the Act or its Regulations. The violation described above will be evaluated to determine if additional enforcement action is warranted. If you have any information that proves the violation did not occur, or if you have information that documents mitigating circumstances relative to the violation, you may submit that information in writing to the Technical Secretary, 9th Floor L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531. To ensure that information you wish to submit will be considered, it must be submitted within 20 days of your receipt of this **Notice of Violation**.

Technical inquiries surrounding this allegation of noncompliance should be directed to John Fuss at (615) 532-0535. Questions concerning the enforcement process should be directed to Tammy Gambill at (615) 532-0531.

Sincerely,

Randall Thompson, Chief  
Middle Tennessee Permit Program
